1 litre

Approved Organic Input

Fair Dinkum Fertilizers Vegetables is a blend of seaweed and potassium humate, suitable for light sandy soils, and for soils that have phosphorus locked up in them.

This product will give beneficial results in almost all soils, but should not be used on soils contaminated with excess copper, zinc, cobalt and or manganese.

Fair Dinkum Fertilizers Vegetables formulation may be sprayed on the foliage or used as a soil drench. It is not recommended to be used within 2 weeks of harvest.

Do not apply in full sun in the middle of the day. Apply in early morning or late afternoon. Product may stain concrete, brickwork, woodwork, foliage or flowers.

- ✓ **General fertilising:**
Dilute 40 ml, (2 cap fulls) of concentrate into 9 litres of water.
- ✓ **Vegetables:**
Dilute 40 ml, (2 cap fulls) of concentrate into 9 litres of water. Apply every 2 -3 weeks during the growing season either as a soil drench or as a spray to the foliage.
- ✓ **Lawn & Turf:**
Apply 40 ml, (2 cap fulls) of concentrate into 9 litres of water in early Spring, late Spring and late Autumn.
